

ROCCO DELVECCHIO

Vice President, Government Affairs

SIEMENS

As Vice President, Government Affairs Mr. Delvecchio is responsible for representing Siemens Canada Limited at the government level and providing strategic guidance to the Siemens management group. He is responsible for establishing and managing relationships with key government stakeholders throughout Canada and defining the Siemens approach to this market segment.

Prior to joining Siemens in 2006, Mr. Delvecchio served as Consul General for the Government of Canada. His responsibilities included representing Canada in Michigan, Indiana, Ohio and Kentucky where he promoted Canadian interests in trade, investment, immigration, environment, culture and academic relations.

From 1996 through 2002, Mr. Delvecchio was Executive Director of Investment Partnerships Canada, a joint venture of Industry Canada and the Department of Foreign Affairs and International Trade with a mandate to attract, retain and expand foreign investment in Canada. He was successful in securing large-scale investments in information technologies, pharmaceuticals and resource sectors throughout Canada.

Mr. Delvecchio is a graduate of the University of Toronto, holding a Masters of Applied Science in Aerospace Engineering and graduate studies at the Harvard School of Business (PMD89).

About Siemens Canada

For more than 100 years Siemens Canada has stood for engineering excellence, innovation, quality and reliability. Siemens technology in the fields of electrification, automation and digitalization helps make real what matters to Canadians. From the Atlantic to Pacific oceans, more than 4,800 employees in Canada work together to deliver solutions for sustainable energy, intelligent infrastructure, healthcare, and the future of manufacturing. One of the world's largest producers of energy-efficient, resource-saving technologies, Siemens is a leading supplier of gas and steam turbines for power generation, a major provider of power transmission solutions and a pioneer in infrastructure solutions and automation, drive and software solutions for industry. The company is also a foremost provider of medical imaging equipment and a leader in laboratory diagnostics. Sales for Siemens Canada in fiscal 2015 (ended September 30), were \$3.0 billion CAD. The company has 46 offices and 15 production facilities across Canada. Further information is available at www.siemens.ca.
